Introduction

The Operational Plan reflects the activities to be undertaken by the Hinchinbrook Shire Council during 2015/2016. The Operational Plan is structured to align with the strategic directions in the 2014-2019 Corporate Plan. The Operational Plan identifies those actions which Council has determined to fund in the 2015/2016 budget. The Operational Plan represents 12 months of activity that contributes to the overall delivery of the Corporate Plan strategies.

Council provides a variety of services to the community. In addition to these services Council delivers on aspects of the State Government agenda, including provisions of the *Local Government Act 2009*. There are numerous other State and Federal Acts that influences the operation of Local Government.

Provision of these services on a day to day basis requires a significant amount of resources, both human and financial. Every activity that Council undertakes is not documented individually within the Operational Plan. Some activities are part of a larger project while others are part of the accepted operational environment for Local Government in Queensland.

Council's organisational structure is comprised of Corporate Services, Development and Planning, Engineering Services, Environment and Community Services, and the Office of the CEO.

Each area of operation performs day to day activities aligned with policies, procedures, activity specific plans and processes designed to ensure that services are delivered in accordance with the direction set by Councillors and in some instances governed by legislation. Quarterly activity reporting to Council is made with reference to the Operational Plan. This is presented to Councillors at an Ordinary Meeting of Council.

Strategic Direction

Through discussion, consultation and community engagement Council has determined a number of strategic directions that will be pursued over the next five years.

The 2014-2019 Strategic Directions as established by Council and documented in the 2014-2019 Corporate Plan are:

1. Fiscally responsive and responsible management of public infrastructure and assets
2. Responsive and responsible management of land
3. Responsive and responsible local representation
4. Council's role in creating an enviable lifestyle and contribution to the whole of life livability of our Shire
5. Council's role in creating and supporting the economic prosperity of our Shire

With a genuine desire to deliver on these strategic directions, to essentially turn words into actions, Council has determined an appropriate level of involvement for Council, how Council will be involved and what will be seen as the measure of success.

The Operational Plan now details specific actions and activities that will be undertaken in 2015/2016 to address the strategic priorities as set by Council.

Strategic Direction One

Fiscally Responsive and Responsible Management of Public Infrastructure and Assets

Hinchinbrook Shire Council builds, owns and funds the maintenance of infrastructure that it sees as a benefit to the community. In some areas Council is the only entity that will perform the function of providing public infrastructure. Council provides public infrastructure on the basis that it is an asset to the community, that the community values the provision of this infrastructure and that the infrastructure provides a contribution to the community that is tangible, vital and essential.

Council is committed to supplying infrastructure in an efficient and coordinated manner that provides consistent delivery of services and is seen as value for money by the users of such infrastructure. Further, Council considers infrastructure provision with regard to the impacts on the natural environment, the value add of the amenity to existing infrastructure, and health and safety of the community.

Council will ensure a coordinated and integrated approach to infrastructure planning, implementation, maintenance and renewal. Public infrastructure and assets provided by Council can include:

- Road and drainage network
- Water and sewerage network
- Waste management and transfer station facilities
- Hinchinbrook Aquatic Centre
- TYTO Precinct
- Parks, gardens and reserves with pathways, structures, playgrounds, fitness equipment and picnic facilities
- Marine recreational infrastructure - boat ramps, jetties and fishing platforms
- Buildings, like the Shire Hall, smaller community halls and the Kelly Theatre

Council's Role in Creating an Envable Lifestyle and Contribution to the Whole of Life Liveability of our Shire

Notwithstanding the delivery of roads, water and sewerage networks, Council makes many other contributions to our community to endeavor to create a highly desirable environment, where lifestyle, liveability and prosperity are key outcomes. Our community values our relaxed lifestyle and seeks to preserve this in tandem with creating a healthy, vibrant and inclusive place to live.

Arts and culture are an integral part of life for our communities. Council recognises the importance arts and culture plays in our region and is committed to developing and expanding arts and cultural activities that have the capacity to enrich the lives of our residents. Council actively supports arts and cultural groups through its ongoing support for the Regional Arts Development Fund, together with its community donations program.

Community partnerships are about Council working with residents, community groups and other government agencies to improve the social well-being of the community, making our community a more desirable place to live. It is about partnerships, building capacity, listening to and learning from the community and building the future together.

Council acknowledges the issues of our ageing population and will work to identify strategies to support the needs of older people. We want to recognise the skills and experience of older people to ensure they feel valued and supported in our community. Council sees direct employment opportunities and support service provision for older people as a way to diversify our employment base and assist in the attraction of new residents to Hinchinbrook.

Strategic Direction Five

Council's Role in Creating and Supporting the Economic Prosperity of our Shire

The identification of opportunities to enhance the economic viability of our community is a key priority for Council. To this end we will implement strategies to achieve a strong and sustainable local economy that supports the growth of new and existing industry and business activities and provide long term employment opportunities for all age groups.

The focus of Council's Disaster Management Program is on minimising the affects of natural disasters on our community, both from an individual harm prevention minimisation perspective and more widely from an economic loss perspective. Council will continue to liaise with emergency service providers and will strive to build resilience and capacity in our communities to survive natural disaster events, to manage the immediate outcomes of such events and to thrive afterwards.
