Introduction

The Operational Plan is a major planning document within Council's corporate planning framework and outlines the significant activities and key operational activities that Council will deliver in 2016/2017.

The plan complies with the Local Government Regulation 2012 which requires Councils to prepare and adopt an Operational Plan for each financial year, which must:

- a) be consistent with the annual budget, and
- b) state how Council will:
 - progress the implementation of the 5 year Corporate Plan during the period of the annual Operating Plan.
 - manage operational risk.

Each area of operation performs day to day activities aligned with policies, procedures, activity specific plans and processes designed to ensure that services are delivered in accordance with the direction set by Councillors and in some instances governed by legislation. Quarterly activity reporting to Council is made with reference to the Operational Plan. This is presented to Councillors at an Ordinary Meeting of Council.

Strategic Direction

Through discussion, consultation and community engagement Council has determined a number of strategic directions that will be pursued over the next five years.

The 2014-2019 Strategic Directions as established by Council and documented in the 2014-2019 Corporate Plan are:

- 1. Fiscally responsive and responsible management of public infrastructure and assets
- 2. Responsive and responsible management of land
- 3. Responsive and responsible local representation
- 4. Council's role in creating an enviable lifestyle and contribution to the whole of life livability of our Shire
- 5. Council's role in creating and supporting the economic prosperity of our Shire

With a genuine desire to deliver on these strategic directions, to essentially turn words into actions, Council has determined an appropriate level of involvement for Council, how Council will be involved and what will be seen as the measure of success.

The Operational Plan now details specific actions and activities that will be undertaken in 2016/2017 to address the strategic priorities as set by Council.
