From the Principal

Dear Parents, Friends and Caregivers

Ignatius Park College acknowledges that the land we meet on today is the traditional lands for the Bindal and Wulgurukaba People and that we respect their spiritual relationship with their Country. We also acknowledge the Bindal and Wulgurukaba People as the traditional custodians of the Townsville region and that their cultural and heritage beliefs are still as important to the living Bindal and Wulgurukaba People today.

This Sunday is the Feast Day of Blessed Edmund Rice, the founder of the Christian Brothers. There will be a Mass dedicated to Blessed Edmund Rice for the wider community of Townsville at Sacred Heart Cathedral at 5:00pm on Sunday, 5 May. All members of the College community are welcomed to attend this Mass on his Feast Day.

Ignatius Park College will celebrate his Feast Day with a whole school Mass this Friday, 3 May at 10:45am with an Edmund Rice Activity Day in the afternoon. These two events will remind our College community to give thanks for the life of Blessed Edmund Rice. He was given the grace to respond to the call of Jesus by identifying with Christ in the poor. His example evoked a deep awareness of God’s loving presence in all with whom he came in contact. Edmund Rice also awakened within them a consciousness of their dignity as children of God and he invited his followers to share the Gospel insight to reach out to the needy, especially the materially poor.

As an educational leader, Blessed Edmund Rice demonstrated transformational leadership founded in his Catholic faith and enacted through the spirit. He had a deep understanding of the context in which he led. Edmund Rice had taken the welfare of young boys to his heart and could not reconcile within his soul the injustice, barriers and despair that poverty presented to them and their families on a daily basis. Driven by the spirit, he became passionate and relentless in his need to respond to this calling. Through the eyes of his soul, the hopelessness and despair dissipated and replaced with a vision to educate these young men, to give them faith, skills and knowledge that would liberate them to become productive citizens within their community and gain employment, breaking down the barriers of disadvantage and despair and opening the door of equality and hope. Edmund consistently practised his vision through presence, liberation and compassion.

He was an astute businessperson who understood the advantages of sharing the vision, aligning resources, forming partnerships and building communities that continued to inspire, engage and challenge others in the vision. Edmund’s leadership was transformational and deeply informed the hearts, minds and souls of those who connected with it and in this way, he built sustainability ensuring those who shared his vision would carry it forward.

As a College community, this legacy of Blessed Edmund Rice is integrated into the very fabric of school life. Our Touchstones come from the virtues that Edmund displayed in his interactions with others. Blessed Edmund Rice believed that his job was not merely to educate the students in different content areas, but also to provide a measure of character education. Through raising the social consciousness of his students through education, he provided the knowledge and moral values for his students to challenge the injustices in their world beyond school. This is the challenge we still face today.

As part of our 50th Year celebrations, and acknowledging the legacy of the Christian Brothers and religious who provided an Edmund Rice education in Townsville over the past 108 years, we are recommissioning new signage naming our buildings in the College that will be blessed in the Feast Day Mass on Friday. The buildings were named by the Christian Brothers when Ignatius Park College was
Principal

From the Principal (continued)

established in 1969 and further developments that followed. They are:

**Walsh Building** - Father William Walsh was the second parish priest of Townsville. He was concerned that boys from Catholic families had no educational facilities in the town. Father Walsh in 1909 invited the Christian Brothers to his parish. The Christian Brothers arrived in August 1910. Father Walsh died in Sydney before Our Lady's Mount College was completed in 1911. His body was returned to Townsville and is entombed in the Sacred Heart Cathedral, Stanley Street.

**Nolan Building** - On 22 January 1911 Bishop Duhig blessed the Townsville establishment and school work was begun with 150 pupils. Brother Nolan was the first Principal of Our Lady's Mount from 1911 – 1914. The College had scholastic excellence in an atmosphere of discipline, a religious dimension in all aspects of life and devotion to the Mother of God, care and concern for each individual and special care for the poor.

**Lacey Building** - Brother Lacey was Principal of Our Lady's Mount from 1942 – 1947. He had a holistic approach to education ensuring emphasis on not only the academics of each student but a strong religious foundation, to produce good Christian gentlemen filled with fine religious beliefs and practices. Brother Lacey aimed for excellence in all facets of schooling both on the sporting fields and state examinations. He introduced the Cadet Corps at Our Lady's Mount in 1944.

**Killian Building** - Brother Killian was Principal at Our Lady's Mount 1957 – 1962. He was an extremely relational man and had the ability to enthuse others and build a strong sense of community. Brother Killian promoted the Arts through Drama, English and Music. He had a positive disposition that was reflected in his spirit of joy, hard work and loyalty that he placed into the College community and the commitment of many students to vocations to a religious life.

The College has also been granted permission by EREA and the Bishop of Townsville to name the building next to the swimming pool the St John Fisher building. This is a significant name to both the Old Collegians and the Townsville community as the Christian Brothers had a school named St John Fisher's in Currajong, from 1957 until 1987. Many students attended St John Fisher's (now Marian Catholic School) until 1987 and then completed their secondary schooling at Ignatius Park College.

Parents are reminded that they may be eligible to receive the appropriate amounts of School Transport funding through the Non-State Schools Transport Assistance Scheme (NSSTAS). Please see the flyer in this Newsletter. Student Travel Rebates for which applications for Semester 1 2019 are now open online and will close on 31 May. Further information is available from the website SchoolTransport.com.au under the “Schools” tab.

This month, a second Old Boy will be ordained into religious life. Brendan Gormley, who graduated from Ignatius Park College in 1987, will be ordained as a priest for the Archdiocese of Brisbane on 31 May at the Cathedral of St Stephen in Brisbane. We congratulate Deacon Brendan and our prayers and thoughts will be with him in his vocation.

We would remind students, for their own safety to and from school, to ensure that they walk/ride bikes on main roads and avoid being by themselves on back roads. We have had an incident where some students have been approached by other groups. I ask our students to be vigilant while travelling to school.

Congratulations to James Oh (Vice Captain) who last week competed in weight lifting competitions in Canberra. James broke a school boy record for bench pressing, lifting 149 kilograms. He also won a gold medal as the Under 77 Kilograms (Under 18) Champion in Australia and the overall Best Lifter in the Under 18 Competition.

Thank you to all the parents who attended our Parent/Teacher Interviews last night. It was wonderful to see the large number of parents who attended the evening.

**Edmund Rice Prayer**

O God we thank you for the life of Blessed Edmund Rice. He opened his heart to Christ present in those oppressed by poverty and injustice. May we follow his example of faith and generosity. Grant us the courage and compassion of Blessed Edmund as we seek to live lives of love and service. We ask this through Christ our Lord. Amen.

*Live Jesus in Our Hearts Forever*

**Shaun Clarke | Principal**
Identity and Mission

The Feast Day of Blessed Edmund Rice
Everyone is welcome at IPC's Mass to celebrate the Feast Day of Blessed Edmund Rice. See you in the Edmund Rice Hall at 10.45am on Friday, 3 May, 2019.
The Feast of Edmund Rice is celebrated globally on Sunday, 5 May. The Sacred Heart Cathedral will celebrate a Mass dedicated to Blessed Edmund Rice this Sunday, 5 May at 5.00pm. The Mass will be celebrated by Fr Rod Ward. All are welcome to attend.

Johanna Smith | Deputy Principal -
Identity and Mission

Join us for Mass
10:45am on Friday 3 May
to celebrate the
Feast Day of Blessed Edmund Rice.
Post school-aged adults from the
Ignatius Park College Community will be
awarded Edmund Rice Service Awards
during this Mass.
Celebrating 50 years

Iggy Park Fete - 11 May 2019
2:00 - 6:30PM

- Live entertainment, including Iggy boys and staff
- Triple M Live Broadcast
- Rides including Laser Tag
- Tex Mex Phoenix Bar n Grill
  - Indigenous Dance
  - Drum Circle
  - Iggy Memorabilia
  - Plant Stall
- Fruit and Vegetable Stall
  - Paddy’s Market
  - Dunk a Teacher
- Classic Car Show
- Army Cadet Activities
- Ignatius Park College vs Abergowrie College Football Game
- Adams Family Photo Booth
  - YoYo Fishing
  - Bash a Bomb
- Cake, Sweets and Coffee, Drinks, Snacks
  - Lob a chocolate
- Old Fashion Games
  - Drone fun
  - Trailburners

PLUS MUCH MORE ON THE DAY!
Curriculum

**Year 11 Exam Phase**
The Year 11 exam phase for this term has been moved from Week 5 to Week 6. This is largely due to the disruption the floods and its impact on teaching and learning.

Shane Dove | Dean of Teaching and Learning

**Year 10 Senior Pathway and Careers Days (SET Plans)**

It is a requirement of the Queensland Department of Education and Training that all Year 10 students develop a Senior Education & Training (SET) Plan with the College. This is an opportunity for students, families and the College to work closely on developing a future plan and senior pathway that will help students to:

- structure their learning and subject choices around their abilities, interests and ambitions
- think about their education, training and career options after Year 12
- set and achieve their learning goals in Years 11 and 12, and beyond
- include flexible and coordinated pathway options in their course of senior study
- communicate with their parents/carers or teachers/careers counsellors about their post-school plans.

Below is an overview of the key dates for families throughout the Year 10 SET Planning Process:

**Term 2**
- Week 8  Overview of SET Plan and Subject Preferencing Process.
- Week 10 Thursday and Friday (26 and 27 June) – Careers and SET Planning Days. Student attendance is required.

**Term 3**
- Week 1  SET Plans forms must be returned by 9am Friday
- Week 2  SET Plan interviews open for students and their families to meet with our trained SET Plan
- Week 3  Subject Showcase Tuesday 30 July. 6.30 to 8.30pm and Parent Information Session for Years 10 and 11 in 2020 at 7.45pm.
- Week 3-4  Students and their families nominate their subject preferences for 2020 for the lines to be built for final subject selection.
- Week 10  Subjects assigned and/or students are able to make final selections from lines available.

**Subject Showcase – Years 7, 9 and 10**

The Annual Ignatius Park College Subject Showcase is schedule for Tuesday 30 July 2019. This evening is to provide further information to students and their families about the subjects on offer in 2020 at Ignatius Park College. The evening is designed predominantly for students currently in Years 7, 9 and 10 who will need to undertake subject preferencing and selection in Term 3.

The evening will run from 6.30pm to 8.30pm, with information sessions scheduled for:

- Year 7 students and their families at 6:45pm;
- Year 9 students and their families at 7.15pm; and
- Year 10 students and their families at 7:45pm.

**Semester 2 Subject Changes for Years 8, 9 and 10**

Please note that Semester 2 subject changes for students in Years 8, 9 and 10 open on Monday 24 June 2019 and will close on Friday 19 July 2019.

**NAPLAN - Week 4**

Year 7 and 9 students at the College will sit the NAPLAN (National Assessment Program – Literacy and Numeracy) tests from Tuesday, 14 May to Thursday, 16 May, 2019.

It is important during this time that your son is well rested, arrives at school on time and has the equipment required (which is listed below). All students in Years 7 and 9 are encouraged to participate in the NAPLAN tests.

Teachers have been preparing students across Term 1 and early Term 2 by utilising a number of strategies. In conjunction with this preparation and to ensure familiarity, your son will complete a number of practice sessions, during Academic Mentoring, to simulate the testing conditions. The QCAA website (https://www.qcaa.qld.edu.au/p-10/naplan/test-preparation) has many previous test items that you could work on at home, if you wish to further support your son.

The results of the NAPLAN testing will be available at the end of Term 3. You will receive an individual report on your son’s achievement by mail in September. More information on the NAPLAN testing is available at www.naplan.edu.au.

The following materials are required for the tests. Please ensure your son has these by the first day of testing:

- 3 x 2B Pencils (pacers are not permitted)  • Eraser  • Sharpened  • 2 x Black Ballpoint Pens  • Calculator for the numeracy test

To enquire about special provisions or exemption from NAPLAN for your son, please contact Nadine Burnett – Acting Program Leader Learning Enrichment or myself as soon as possible.

We wish each of our students the best of luck for the NAPLAN testing days.

Allison Elcoate | Deputy Principal - Operations and Data Analysis
Careers

Benefits and expectations of work experience

Work experience should give your son:

• an understanding of the work environment and what employers expect of their workers
• an opportunity to explore possible career options
• increased self-understanding, maturity, independence and self-confidence
• increased motivation to continue study and/or undertake further training
• a better understanding of how the school curriculum can help prepare young people for work
• an introduction to workplace recruitment practices
• enhanced opportunities for part-time and casual employment
• the opportunity to include the employer’s work experience evaluation in future job and course applications
• opportunities to develop work-related competencies and acquire skills
• the chance to ‘try out’ a workplace.

Work experience employers will expect your son to:

• be punctual – otherwise you may miss the bus or they may start without you (demonstrating self-management and planning)
• be well-presented in your school uniform, or as advised by your school, when you are visiting their workplace (demonstrating self-management)
• listen and pay attention (demonstrating communication skills)
• participate in certain activities, possibly as part of a team (demonstrating initiative, communication and teamwork)
• enjoy the activity and learn.

Learning from work experience

If the work experience placement isn’t what your son wanted but is the only one available, or isn’t what your son expected, then there are still things he can learn from the experience. Please ask him:

• What activities did he enjoy?
• What activities was he good at? What did he find easy?
• What activities didn’t he enjoy? Why?
• Did he meet anyone whose job he would like to do?
• Did he identify any strengths that he has? What are they?
• What did he learn about employer expectations?
• What training might he need to do?
• Would he like to work in the industry or job he experienced or for that employer? Why?
• What other job or industry would he like to investigate?

Students change as they grow and develop and have additional experiences. His knowledge, skills, interests, even his values and personality, can change. Because everything changes, his way of looking at himself and at the world around him changes. He cannot expect that the decisions he make now will be appropriate throughout his life. He needs to be flexible and willing to adapt to new circumstances.

Maths Tutoring

Maths tutoring has returned for Term 2. There are plenty of options available to suit our student’s busy schedule, so we encourage them to choose one or two of the following options. Students from all year levels are welcome. Our Maths teachers eager to see the ‘old’ and some ‘new’ faces this Term. If students would like a paper copy of this schedule they can collect one from the noticeboard outside Student Reception (Mrs Fensom’s Office).

Krystal Pearson | Faculty Leader - Mathematics

Please see the flyers below regarding the show being held at the Townsville Convention Centre on Saturday, 8 June. On 7 June, Year 7-9 students will be able to enjoy the show at the College.

Alyssa Deer | Faculty Leader - Science

NQ Regional Science and Engineering Challenge

In Week 1, a group of 26 Year 9 and Year 10 students competed against seven other schools in the Science and Engineering Challenge. Presented by The University of Newcastle, in partnership with Defence Force Recruiting, the Challenge required the boys to split up into eight teams and take on tasks such as constructing a bionic hand, building a Mars rover vehicle, designing and testing flat-pack furniture, communicating messages through an optical fibre network, controlling a future power grid using a series of switches, constructing and testing a tall earthquake-proof tower, developing an efficient railway network, and designing and testing a balsa bridge construction.

Teams performed very well throughout all activities and represented our College in an outstanding manner. We were in second place from the morning results tally and with the bridge testing forming the concluding event of the day. The Ignatius Park College team came in at third place. The schools that received first and second place are to be commended on their bridge constructions, which pipped us at the post (I believe a bit of practice was done prior!). The final scores are presented below. The winning school, Cathedral, has opportunity to now compete in the Regional Superchallenge. I would like to thank and congratulate the students on the high level of innovation, participation and sportsmanship demonstrated and look forward to seeing them participate in future events.

1st place The Cathedral School (1336 points) 5th place St Margaret Mary’s College (966)
2nd place Home Hill State High (1102 points) 6th place Pimlico State High (938)
3rd place Ignatius Park College (1091 points) 7th place Townsville State High (767)
4th place Townsville Grammar School (1001) 8th place St Anthony’s Catholic College (607)

Alyssa Deer | Faculty Leader - Science
Toaster Room - Donations Needed

As part of the ongoing nature of the Toast Room, we are asking for donations of spreads (butter, vegemite, jam, cream cheese, etc. *no nut spreads please*). If you are willing to help, please bring a spread to the Toast Room any weekday morning from 7:45am - 8:30am.

COST: $10 per person (Tables of 10)
Tickets can be purchased at College Office. Prizes and Give-aways! Theme your table... Licenced Bar, BYO Nibbles!

The Addams Family Production

St Patrick’s College is the proud host of this year’s musical in partnership with staff and students from St Margaret Mary’s College and Ignatius Park College.

Much like the beloved television series, this musical follows our favourite spooky family into a comedy of errors, where family unity and love overcome all obstacles.

Where: Quayside Terminal
When: 6th – 8th June at 7.30pm
Bookings: See "Book Now" below.

Kylie Tillack | Faculty Leader - Head of Arts
Cross Country

Congratulations to Baillie House who won the College Interhouse Cross Country. Rice House took second place and Treacy finished third. Individual place getters for each age were:

14 years: 1. Max Gough 2. Zac Bennett 3. Dan Mosch
16 years: 1. Isaac Mayo 2. Zachary Judge 3. Aidan Freeman

John Alloway | Program Leader - Sport
Rugby League

Aaron Payne Cup and Cowboys Challenge

Week 3 Wednesday, 8 May

3:00pm @ Mackay Junior Rugby League - Year 10 v Rockhampton Grammar
4:15pm @ Mackay Junior Rugby League - First XIII v Rockhampton Grammar - Game streamed live on QSSRL Facebook page

Thursday, 9 May

10:40am @ Mackay Junior Rugby League - First XIII v St Brendan’s College - Game streamed live on QSSRL Facebook page
11:50am @ Mackay Junior Rugby League - Year 10 v St Brendan’s College

Northern Rugby League Representatives

There will be seven Ignatius Park College boys in action in Ipswich during Week 2 representing the U15 Northern Rugby League Team. The boys will be contesting the U15 Queensland Secondary Schools Rugby League State Championships. Games will be played from Thursday through to Sunday.

Congratulations and good luck to the following boys (pictured above):

Christian Quabba | Teacher
