ME stated have been issues previously where the page was hacked by a previous council member and no one in the JCUSA had access as council changes each year it is a risk to have Council with admin access. Even if ME leaves access can still be retained by the GM. Only the JCUSA profile has admin access. ME only has Editor access on her personal profile. It is hard to control the consistency of posts when too many people have access. ME encourages everyone to send items through to share but has not received anything for Cairns. It is rare that JCUSA events are held on the weekends or after hours with KRF and SM having access to post this should be enough. Posts to promote events can also be scheduled for after hours.

KRF queried who has access to the JCUSA profile as she believes the President and Vice President should have access to this too in case a staffing issue arises. ME advised that herself and the GM have the password and it will also be stored in a password protected folder on the common drive so it is accessible. SN agreed that the General Manager should have access to the password but also a Council Member such as President as it is their role to oversee the organisation and be the Spokesperson for the JCUSA.

LS discussed going back to all council being editors for student engagement not just President and Vice President, but understands the risk. ME suggested Council can use their personal profiles to reply to comments to show engagement as student will then know who they are talking to not just a page.

#### **RESOLVED**

That the President, Vice President and Cairns Campus Officer be give Editor access to the JCUSA Facebook. All other Office bearers to be given Analyst access.

Moved: SR Seconded: KRF All in Favour

Discussions about access to the password will continue at a later date.

ME left room at 4:26pm

#### 7.2 Appropriate Use of Circularised Resolutions

SN observed that Flying Minutes (or circularised resolutions) are used a lot by JCUSA Council. Instead delegations could be introduced for certain decisions which provide limits for things such as authorised expense limits without needing whole of Council approval. Fiduciary responsibility of council includes not just finance but good governance. Contentious items need to be discussed at meetings. A circular outlining non-contentious issues could be set out in advance and put on the agenda. JA advised that JCUSA used to operate with delegations previously and policies need to be updated particularly the purchasing policy.

#### 7.3 Governance Training Options

AE advised auditors have provided quotes as part of their package that contains risk management training as well. Training is being provided for free. KRF stated 1 hours training is sufficient, KRF does not believe Council need to know the audit process in depth. All council agree that the auditing process was not needed but the items contained in the 3 hour workshop would definitely be of use. JA suggested that Cairns Council members come down to Townsville and a full day of Council activities could be planned to make it worthwhile. AE advised that an Audit meeting will be taking place tomorrow to receive the audit report which will be addressed to Council.

- 7.4 Ratification of Motions passed at Management Committee Meeting (20/03/2018)
  - 7.4.1 That the JCUSA does not renew membership with TAG
  - 7.4.2 That as an initial measure, that the JCUSA seeks professional advice from Professor

regulations about hiring to outside organisations. This service would not be advertised due to funding arrangements (partially government funded) list as non commercial. JA advised they only received 3 requests from outside organisation last year for on campus events.

#### 7.8 Water Cooler for Cairns Office

Financial approval needed to purchase. Cairns do not have running water in office they are currently purchasing bottles which is not sustainable financially and economically. Quotes supplied are locally sourced. KRF enquired if there is money in the budget as is a water bubbler outside of the office. AE replied that is a Workplace Health and Safety issues not having running water. JA advised that the bubbler often doesn't work. KRF requested more information about legislation and budget before making a decision.

#### 7.9 Cairns Gym

JA advised the Sport and Recreation Officer has been working hard to bring in revenue to improve gym. In Townsville the profits made go straight back into gym. JA is requesting approval to do the same in Cairns as a lot of equipment needs repairing. KRF agrees to it is fair and reasonable and will check with Karina where profits are currently going. SN suggested that all funding from all entities goes back to central pot and then divided. Pay as you earn can creates difficulties if the money is not there at the time. Matter to be discussed more at Finance and Audit Committee on Monday.

#### SR left room at 5:06pm

#### 7.10 Casual Vacancy Election

HH advised the Secretary has sent out information about process along with draft Election and Nomination packs but the matter still has not moved forward. JA suggested an acting Postgraduate Officer should be appointed as soon as possible. It was decided that the previous interested applicant would be ineligible due to already serving 2 years on the Association Council. KRF suggested a post could be put on Facebook to advertise nominations for the Acting Positions by the end of the week. Official call for nominations for 3 positions (Postgraduate Officer, Sport and Recreation Officer and Indigenous Officer will be advertised in two consecutive "Special Editions" of the Bullsheet

#### SR entered room at 5:10pm

#### **RESOLVED**

That the 2018 Casual Vacancy Election and Nomination packs be accepted for use.

Moved: KRF Seconded: SR All in Favour

#### **RESOLVED**

That Items 7.11 and 7.12 be moved to the next meeting.

Moved: AE Seconded: KRF All in Favour
