

# Help us keep everyone safe from COVID-19

## Do **NOT** visit if you have:

- fever or symptoms of respiratory infection (cough, sore throat, shortness of breath)
- returned from overseas in the last 14 days
- been in close contact with a confirmed case of COVID-19 in the last 14 days
- been to a declared COVID-19 hotspot in the last 14 days

It is recommended you **only** visit if you have been vaccinated against influenza this season.

If you feel unwell, call your GP or 13 HEALTH (13 43 25 84)
