5. REGISTRATION, ALLOCATION AND ACKNOWLEDGEMENT OF COMPLAINT

Electricity Charges

Other Complaints

All other complaints will be acknowledged upon receipt by the Complaints Officer and will be immediately forwarded to the Responsible Officer in the business unit area responsible for the matter that is the subject of the complaint. A copy of the acknowledgement by the Complaints Officer will be retained for record keeping purposes.

Parking Infringement Appeals

All parking infringement appeals will be immediately forwarded to the Parking Appeals Officer, for processing. Where an appellant provides an email address, such appeals will be acknowledged by the Complaints Officer upon receipt.

Feedback Register

All complaints, parking infringement appeals and other feedback received by Ports North will be recorded in the Feedback Register.

6. INVESTIGATION OF COMPLAINT

The Complaints Officer will forward all complaints to the Responsible Officer in the business unit area responsible for the matter that is the subject of the complaint, for investigation. The Responsible Officer will investigate the matter or allocate the matter to an Investigation Officer within the relevant business unit area.

Complaints should be investigated as efficiently as possible.

In most cases the complaint should be resolved within 15 working days of receipt. If this is not possible, the extended time for resolving the complaint will be communicated to the complainant, who will be kept informed on a regular basis as to the progress of the complaint.

At the conclusion of the investigation, the Investigating Officer will report the outcomes to the Responsible Officer who will provide to the Complaints Officer a recommended response to the complainant outlining the findings and/or recommendations made concerning the complaint.

The response is to be approved by the General Manager Corporate Services before forwarding to the complainant by the Complaints Officer/Parking Appeals Officer, who will retain a copy for record keeping purposes.

7. COMMUNICATION

The Complaints Management Policy and Procedure will be communicated to employees following review and will be available at all times to employees on the Ports North intranet. The Policy and Procedure will also be discussed at Management meetings following any reviews.

This Policy and Procedure will be available at all times to members of the public on Ports North's website at www.portsnorth.com.au/about-us/release-of-information/ and will be drawn to the attention of complainants in the email acknowledgement, following lodgement of a complaint.

Ports North encourages feedback from staff and the public and recognises that this can be a valuable source of insight into the problems with the organisation, its products, services or the complaint management system.

Where a complaint involves multiple organisations or multiple areas within the organisation, responsibility for communicating with the complainant should be coordinated by the Complaints Officer between the organisation and/or areas involved.

8. RECORD KEEPING

The Investigating Officer and Responsible Officer will be accountable for ensuring complete and accurate recording of all material relating to an investigation into a complaint and upon finalisation of the complaint shall forward the complete complaint file to the Complaints Officer/Parking Appeals Officer to complete entry in the Feedback Register and filing.

To maintain confidentiality, access to the feedback register and associated documentation will be restricted to relevant Corporate Services personnel and other personnel approved by the General Manager Corporate Services.

9. CONDUCT OF THE PARTIES

Personally identifiable information about an individual should only be disclosed or used in compliance with relevant privacy laws and ethical obligations. This includes the protection of the identity of staff members involved in complaint management, if required.

Ports North will take all reasonable steps to ensure that complainants are not adversely affected because of a complaint made by them or on their behalf.

Each complaint should be managed in an objective and unbiased manner by all officers involved in complaints management.

Complainants will be treated with respect.

Where Ports North staff are the subject matter of a complaint, they will be treated respectfully, objectively and fairly by:-

- Ensuring confidentiality;

- Informing them of any complaint about their performance;
- Giving them the opportunity to explain the circumstances and allowing them appropriate support; and
- Keeping them informed of the progress of the investigation and the outcome.

10. REPORTING

Responding to and learning from complaints is an essential part of Ports North's commitment to continual quality improvement.

The General Manager Corporate Services will review the feedback register annually to establish:-

- if there are any trends or obvious changes Ports North could make to reduce or stop complaints occurring, or improve the services we provide; and
- whether complaints have been handled in accordance with this procedure.

11. INTERNAL REVIEW

If the nature of the complaint is serious or a complainant is dissatisfied with how the matter has been dealt with by Ports North staff, the complaint may be dealt with at a more senior level. If either of these scenarios apply, a complainant may request that a more senior member of staff review the decision or the outcome of the investigation of the complaint.
