

ILLICIT AND UNSANCTIONED SUBSTANCES IN CATHOLIC SCHOOLS

Scope: This policy applies to all Catholic kindergartens, schools and colleges (referred to as 'Catholic schools' in the document), conducted by Catholic Education - Diocese of Rockhampton (referred to as CEDR in the document).

1. POLICY STATEMENT

Illicit and unsanctioned substances are prohibited in Catholic Schools. Catholic schools in the Diocese of Rockhampton will implement age-appropriate drug education programs. Catholic schools will also implement prevention and intervention strategies with regard to the use and possession of illicit and unsanctioned substances by students.

2. DESCRIPTION

This policy supports CEDR's commitment to the care and protection of children and young people. Catholic schools in the Diocese are guided by gospel values in addition to operating within legislative requirements.

Catholic schools play significant roles in preparing students for living in society. Catholic schools can contribute to reducing problems relating to the use and possession of illicit and unsanctioned substances by educating staff, by making information available to parents and students, by providing positive role models, by promoting health and by responding to the students' welfare needs.
