Queensland schools are also invited to compete in March 2020 at the SLSQ Secondary School Surf League State Championships.

ELIGIBILITY

All Secondary Schools (year 7 student as minimum) in Central Queensland are eligible to compete and entry is open to any student regardless of whether they are a Surf Life Saving Club member or not.

Craft events, however, will be restricted to members of Surf Life Saving Clubs, and any other students who have a Surf Survival Certificate and access to lifesaving equipment.

CLUB INFORMATION

It is recommended, but not compulsory, that schools align with a SLSQ affiliated Surf Life Saving Club. The advantages of this relationship are that the schools would be able to establish a pathway that sees students progress from attending a one day school surf league to becoming a Surf Lifesaver within the Surf Life Saving Movement.

Surf Life Saving offers recognised Education and Training in a variety of awards including Cert II in Public Safety, First Aid, Advanced Resuscitation just to name a few as well as Industry recognised accreditations in Coaching and Officiating.

By becoming a member of a Surf Life Saving Club, students would be encouraged to give back to their community and gain important employability skills through a volunteer organisation.

If a school is looking to establish ties with a particular club, please contact the SLSQ Wide Bay Capricorn Regional Office on 4111 1000 for the following Club details:

Wide Bay Capricorn Branch

Yeppoon, Emu Park, Tannum Sands, Agnes Water, Moore Park, Bundaberg, Elliot Heads, Hervey Bay

GENERAL INFORMATION

NOMINATING YOUR TEAM

All schools must register and complete their nominations via the 'Nomination Forms' attached to this email.

NB: Marshalling sheets are created manually by SLSQ utilising the nomination forms submitted by schools. Please ensure that names are legible and teams are correct before submitting.

Each school team is required to have a Team Manager, who will be responsible for the team and for ensuring the Nomination Forms are filled out correctly and returned by the close of nominations. The Team Manager MAY be a School Teacher OR a Parent authorised by the School to fulfil this duty.

Competition is open to all students from year 7 to year 12, regardless of whether they are surf lifesavers or not. The only stipulation will be that all competitors involved in 'water' events must be able to swim 200m in 5 minutes or less, and if they are also competing in a 'Craft' event they must also have a Surf Survival Certificate or be a current member of a Surf Life Saving Club with appropriate qualifications.

ALSO, AS PART OF SURF LIFESAVING SAFETY PROTOCOLS, ALL COMPETITORS COMPETING IN WATER/OCEAN EVENTS WILL BE REQUIRED TO WEAR A HIGH VISIBILITY RASH VEST – THIS VEST WILL BE SUPPLIED TO EACH COMPETITOR PRIOR TO THE START OF EACH RACE AND COLLECTED AT THE END OF EACH RACE.

No nominations will be accepted that are NOT done on the official Nomination Forms, OR that are late OR incorrectly completed (i.e. without ages, pool swim times, etc.).

If your school is having difficulties completing the Nomination Forms, or if you are unable to understand the process, please do not hesitate to contact Craig Holden for further assistance.

You will find that the nomination forms have been divided into pages as follows:

THE PROGRAM

It is envisaged that the entire program will be completed within a five-hour time limit, conducted from 9am-2pm. Presentations will commence immediately after the close of competition (approx. 2.15pm). A 'draft' program will be distributed to schools and Team Managers after the close of EOI from all schools. Please note this program may change at the discretion of the event referee on the day of competition.

POINT SCORE

Points will be awarded per event as per the following:

1st	-	6 points
2nd	-	5 points
3rd	-	4 points

Age Champions (Male and Female – each age group) will also be named and determined as per each competitor's individual points tally from their INDIVIDUAL race results.
