- Enhancing individual wellness through the implementation of a sequential wellbeing program underpinned by Positive Education.
- Deliberately designing a range of learning experiences and formation opportunities that enable students to become informed, compassionate and active global citizens.
- Strengthening our Catholic Identity through faith and spiritual formation.

Climate Conducive to *Learning*

Over the next 5 years, we will:

This will involve:

- Prudently planning and resourcing the College in alignment with the College Master Plan, local strategic priorities and systemic initiatives to engage with emerging educational and economic challenges.
- Recruiting and retaining outstanding reflective and dedicated staff.
- Enhancing our educational program, resources and extra-curricular program to respond to the future needs of our students.

This will involve:

- Responding to regulatory authority initiatives to review, plan and deliver a coherent curriculum to ensure growth and progress for every student.
- Refining and implementing an innovative pedagogical framework for P-12 enacting high quality learning and teaching.
