

Be the school of choice for parents with
Aon's Student Accident Protection Plan –
Gold and Gold Plus

Our knowledge is your advantage.

AON

Only \$3.60 Extra per student provides an additional \$250,000 in benefits

Gold Plus delivers all the features of Gold, plus increased benefits across most of the insured permanent disabilities including:

- quadriplegia/paraplegia cover increased from \$750,000 to \$1 million
- partial loss of sight from \$65,000 to \$120,000
- loss of hearing in both ears from \$150,000 to \$400,000

Other increased benefits include burns to 40 per cent of the body from \$320,000 to \$500,000 and fee relief from \$15,000 to \$20,000.

Parents choosing a school for their child are often overloaded with information about potential choices. With Aon's Student Accident Protection you can assure parents that over and above providing a quality education, your school is helping to protect a student's quality of life.

Student accidents do happen

Aon's claims statistics show that student accidents are not just a possibility but a reality. Last year more than 1,500 claims were paid by our insurer.

While the most common claims are for broken or fractured bones, it is claims for life-changing injuries, including quadriplegia, paraplegia, blindness and major burns, where having Student Accident insurance really makes a difference. Unfortunately, the statistics also show that these terrible injuries do occur, year after year.

Your school looks after students and families in their time of need

Legal liability claims for personal injury to students can take more than a decade to settle, with ongoing expenses for treatment, rehabilitation and day-to-day care, possibly for the rest of the child's life.

For an annual fee from as little as \$7.95 per student, your school can respond effectively to an accident by providing monetary relief to assist parents with hospital fees, and other expenses related to the accident.

Features of Aon's Student Accident Protection Plan

Top disability benefits where the money is needed

Aon has designed our Student Accident Protection Plan to provide major benefits where the money is needed most. For example, the benefit payable for quadriplegia/paraplegia is \$1.25 million under the Platinum level of cover, \$1 million under Gold Plus and \$750,000 for Gold.

Cover includes one term before or after enrolment

Sometimes a child participates in an activity before or after they are an official student of a school e.g. an orientation camp, or a year 12 student who has officially left the school may compete in a final sporting event. To provide for these situations, Aon covers students for one term at either end of their enrolment with a school, while they are participating in school activities.

When are students covered?

Students are covered while they are engaged in school or organised sporting activities, including travel to and from such activities. The exception is death cover which applies all the time

Cover is automatically provided for exchange students, childcare, kindergarten and preschool students, without the need to notify the insurer or pay an additional premium.

Benefit for psychological trauma¹

Aon's trauma benefit provides up to \$20,000 per student to cover the cost of trauma counselling for students.

Benefits for burns to 20 per cent or more of the body

Most policies carry a burns benefit, but only for burns to at least 40 per cent of the body. Aon covers burns affecting from 20 per cent of the body.

Wide-ranging benefits

In addition to providing financial benefits for specific accidents, Aon's Student Accident Protection Plan provides:

- cover for a child's tuition for four terms, in the event of their parent or guardian's accidental death
- financial support for tutoring, should a student be away from school for a prolonged period
- clothing, hospitalisation and other out-of-pocket expenses that relate to an accident

100 per cent reimbursement of non-Medicare expenses incurred more than 12 months after the accident

Under most accident policies, non-Medicare medical expenses have to be incurred within 12 months of sustaining the injury to be covered. Our insurer will reimburse 100 per cent of non-Medicare medical expenses that occur 12 months or more after the accident (up to \$8,000 for Gold Plus); provided that a medical practitioner recommends the delay and the insurer is notified.

¹ Covers the cost of counselling for students who suffer psychological trauma as a result of witnessing or being victim of a criminal act. This benefit is \$10,000 under the Gold plan and \$20,000 under Gold Plus.
