

*High Potential Learners Program*

## ST MARY'S Catholic College

Dear Parents and Guardians,

St Mary's Catholic College is committed to ensuring all students are supported to achieve success as learners and we boast a proud history of this academic success. I am therefore delighted to provide an opportunity for children seeking extension and enrichment via our High Potential Learners Program.

St Mary's High Potential Learners (HPL) Program provides tailored learning that is delivered by curriculum experts who are trained in gifted education. Our program reflects our commitment to empowering our learners to achieve their personal best and transform their potential into high performance.

I welcome you to peruse the attached information on our HPL Program and application process. Successful entry to the program will be based on your child's aptitude test results and academic records. Should you wish to apply for your child to be part of this program, please submit the HPL paperwork to the **College by 31<sup>st</sup> March**. Testing details are outlined on the application form.

For further information about the program, please visit St Mary's website or contact our **Leader of Pedagogy - Janelle Santolin (jsantolin@cns.catholic.edu.au)**. My best wishes for the remainder of the school year.

Yours sincerely,
