

SCHOOL IMPROVEMENT PRIORITIES

2026 – 2029

MISSION STATEMENT:

Inspired by St Clare, we are a contemporary, nurturing community with a strong learning culture. We are a Franciscan school celebrating diversity and the beauty of every individual.

St Clare's Catholic School is a vibrant, faith-filled community with a strong Catholic identity, where the religious life of the school, social justice, and inclusion are deeply valued. High-quality teaching and learning are supported by evidence-based practices, professional collaboration, and inclusive strategies that aim to cater to all learners. Student wellbeing is prioritised through a safe, respectful environment, high expectations relationships, and

meaningful opportunities for student voice and family engagement. Leadership is Christ-centred and responsive, fostering a culture where students thrive spiritually, academically, and socially.

Through the School Renewal process, the school Leadership Team has developed an ongoing plan for continuous school improvement. As a Catholic school, we are always committed to strengthening our Catholic identity, striving to become a Recontextualising Dialogue School. After a year of review, reflection, and consultation with our community, we have identified the following key improvement priorities to guide us in this new renewal cycle.

PRIORITY 1:

Enrich

Catholic identity by authentically fostering a Christ-centred faith community inspired by the Franciscan charism.

PRIORITY 2:

Enhance

a constructive culture of feedback that facilitates student voice to strengthen learning and teaching.

PRIORITY 3:

Engage

in student success through collaborative implementation of holistic Multi-Tiered Systems of Support (MTSS).
