Directors Notes	<p>Behaviour at Training</p> <p>We kindly ask all parents to take a moment to speak with their children about appropriate behaviour during training sessions following a few recent incidents. It's important that every player understands the value of listening to and respecting their coaches, who dedicate their time and energy to help them grow, learn and enjoy the sport. Mutual respect goes a long way in creating a positive environment for everyone.</p> <p>Our coaches are also developing their skills and rely on the support of players and parents alike to ensure training sessions are both productive and enjoyable. Please also remind your child to keep their hands to themselves unless they are actively participating on the field. This helps maintain a safe and comfortable space for all.</p> <p>Good behaviour at training not only supports development as athletes but also builds teamwork, discipline and respect – values that extend far beyond the game.</p> <p>Thank you for your continued support in helping us create a fun, safe and respectful environment for all players. Training and games have generally been positive and full of enthusiasm and we appreciate everyone's efforts in keeping it that way.</p> <p>Kristal King</p> <p>Director of Touch Football</p>
