WEEKLY COMMUNICATIONS

A Weekly Netball Newsletter will be published during the season on the [Club Netball page](#) of the TGS website.

A message will be sent via the School App when it becomes available.

ATTENDANCE

It is essential that players notify their coach prior to any session or match if they are unable to attend.

Players are encouraged to attend training regularly to improve skills and support team performance.

Players who are injured are still expected to attend training and matches where possible to support and assist their team.

SELECTION PROCESS

All players must attend trials in Term 1, as this is when coaches assess skills, fitness, and suitability for positions. Team selections are based on fitness, technical ability, game awareness, and attitude.

Selection is not about choosing the "best" players but creating balanced teams with the right mix of positions. Players may be placed in certain teams to meet positional needs and won't always be with friends or in the same team

as previous years. Teams are reviewed annually as players develop.

We encourage parents and players to focus on growth, enjoyment, and effort rather than final team placement, ensuring a positive and rewarding experience for everyone.

WET WEATHER

If there is no official notice, please assume that training and matches will proceed as scheduled.

If advance notice is available, updates will be sent via the School App.
