NEW BOARDERS' INDUCTION PROGRAM

To make the transition to boarding as smooth as possible, we have several orientation opportunities during the opening weeks of term for new boarders. These are detailed below under calendar of events, and each provide a unique opportunity to support new students or their families. New boarders will also undergo a thorough induction program during the opening weeks to provide them with the specific supports required to thrive in boarding. A summary is detailed below.

	Monday	Tuesday	Wednesday	Thursday
Week 1		Travel Day Schedule School and Boarding Orientation	IT and Reach Set Up Clinic	Swim Test
Week 2	Laundry and Ironing	Room Organisation	Calendar Planning and organisation	Personal Care and Hygiene
Week 3	Y7 Prep with Ms Finlay	A-Team Introduction and Goal Setting	1-1's with Heads of House	A-Team Study Skills Session

INCOMING TRANSPORT

Please be sure to arrange any transport needs well in advance by contacting TGS Boarding Reception. If you have not yet provided incoming flight itineraries to your Head of House, please do so as a matter of urgency to ensure that transport is arranged for a prompt pick up. It is strongly encouraged that no new boarders arrive without parent or guardians.

There is limited staff only parking on campus, parents may park temporarily to drop off luggage, but must park off campus. Parking is available on Paxton St, with moving trolleys available to assist families in moving in.

MEDICAL INFORMATION

All new boarders must attend the Health centre on travel day or in the week preceding to confirm all medical information with our nursing team. This is regardless of ongoing conditions or medications. Health Centre staff will require consent for several procedures throughout the year.

If your child does have any medical conditions, concerns or recent injuries, this should be raised in advance of your arrival to ensure continuity of care with our boarding team.

Medications must be handed over to nursing staff for safe storage and management. Under no circumstances should controlled, prescription or over the counter medications be stored in

boarders' rooms without the Nurse in Charge's permission. To discuss questions further, please call the health centre on 4722 4944 or email healthcentre@tgs.qld.edu.au.

PRE ARRIVAL CHECK INS

I look forward to welcoming you to TGS Boarding as your child commences their exciting journey as boarder at Townsville Grammar School. In the weeks prior to your child's arrival our heads of house will be in touch to arrange a short phone or teams call to get to know each new boarder. This is to assist in their initial rooming and general transition to boarding.

For further commencement information, including handbooks, packing lists and resources please visit the Townsville Grammar School commencement website, via <https://www.tgs.qld.edu.au/enrol/commencement-information>

Please take some time to read through these documents.

You will receive notification of your REACH login and password during the week before School commences in 2026. REACH is the Boarding Management System that we use. For you, as parents, REACH is a very useful leave management tool. You will receive more information about its use and functions closer to you joining us. Further information is available in the commencement section of the website.

The first day of boarding school can be an unnerving experience for both new boarders, and parents, so we have structured the day to give time to become familiar with their new 'home away from home' and make connections with staff and continuing boarders and their families.

Please don't hesitate to contact the relevant Head of House or Boarding Reception should you have any questions or concerns.

Kind regards,

Richard Freeman

Head of Boarding
